About this Boat:	Shalico is a lovely example of a starter boat, simple to understand and use, would make lovely day/weekend boat or equally suitable as a liveaboard for a single person. Shalico is in "very good pre-owned" condition having been very well maintained by previous owners and benefits from a recent engine service and full new glass. a 2 pack epoxy treatment (ad last year (2021), so she really is "turn key" ready.
