BOAT SALES

LAKELAND LEISURE ESTATES

Description

Step aboard this brand new, 58ft cruiser stern narrowboat, expertly constructed and fitted out by Collingwood Boat Builders. With its sleek, modern styling and thoughtful reverse layout, this boat offers a perfect blend of contemporary comfort and traditional charm. Every detail has been considered to create a space that feels like home—whether you're setting off on a life of continuous cruising or looking for a luxurious waterside retreat.

The cruiser stern features upholstered seating and a full pram cover, offering a sheltered social space at the rear of the boat—ideal for enjoying the outdoors, whatever the weather. Below deck, you'll find a beautifully designed galley at the stern, complete with white quartz worktops, an integrated stainless-steel sink, microwave, washer/dryer, and a suite of integrated appliances including a gas hob, oven, grill, and fridge with freezer compartment. Cleverly laid out with a generous range of cupboards and drawers, the galley provides both elegance and practicality in equal measure.

Adjacent to the kitchen is a comfortable L-shaped dinette, upholstered and equipped with storage beneath. It easily converts into a full-size double guest bed, making the boat ideal for hosting friends or family. Moving forward, the saloon offers a cosy yet spacious environment with two leather-style captain's chairs with footrests, a smart TV housed in a bespoke media unit, and a Morso Squirrel solid fuel stove—the perfect touch for warm, atmospheric evenings aboard.

The walk-through bathroom features a large quadrant shower with sliding glazed doors, a ceramic cassette toilet, and a stylish vanity unit with quartz counter, complete with under-sink storage and a large mirror. It's a bright, well-planned space that brings a touch of luxury to life on the water.

At the bow of the boat, the master bedroom offers a tranquil retreat with a full-size double bed, under-bed drawers and cupboards, high-level storage, and a double mirrored wardrobe. Display shelves and a charming corner cupboard add character, while glazed double doors open out onto a well-sized front deck—perfect for morning coffees or alfresco dining with views of the water.

Mechanically, this narrowboat is built for confidence and independence. Fitted with a reliable 42hp engine, bow thrusters for ease of manoeuvring, and a 600w solar system, it's fully equipped for extended cruising and off-grid living. Every element—from the energy systems to the finish on the cabinetry—reflects a commitment to quality and craftsmanship.

This is a rare opportunity to own a brand new, unregistered, and unnamed narrowboat—ready to personalise and start your next adventure. Whether you're dreaming of slow mornings on the cut, starlit nights on a peaceful mooring, or exploring the inland waterways with all the comforts of home, this exceptional vessel is ready to welcome you aboard.
