BOAT SALES

LAKELAND LEISURE ESTATES

Description

Step aboard this brand-new 60ft semi-traditional narrowboat and experience a perfect blend of modern design, craftsmanship, and comfort. Built by Collingwood Boat Builders, this stunning reverse layout boat has been thoughtfully designed for both leisure cruising and long-term living. From the moment you enter, it's clear that attention to detail and quality have been at the heart of its creation.

At the stern, upholstered seating and a full tonneau cover create a sociable outdoor space, perfect for enjoying the waterways. The Canaline 42hp engine and PRM 150 gearbox provide reliable and smooth cruising performance, while bow thrusters, WiFi, and a 600W solar system add modern convenience for life on board.

Stepping down into the galley, you'll find a beautifully finished, contemporary kitchen equipped with everything needed for comfortable living. The design features eye-level separate oven and grill, an integrated 4-burner gas hob, microwave, fridge with freezer compartment, and a full-size washer/dryer. White quartz worktops and a stainless-steel sink with mixer tap provide a touch of luxury, while plentiful cupboards and drawers offer generous storage throughout.

The dinette area features a smart, L-shaped upholstered seating arrangement with hidden storage beneath. This space easily converts into a full-size double bed, providing comfortable accommodation for guests without compromising on style or functionality.

Moving forward, the saloon offers a warm and inviting space to relax. Two leather-style captain's chairs with footrests are positioned perfectly for comfort, complemented by a Morso Squirrel solid fuel stove that adds both charm and practicality. A Smart TV housed within a sleek media unit and ample shelving and cabinetry complete the living area, offering both entertainment and storage.

The walk-through bathroom has been finished to a high standard, featuring a large quadrant shower with sliding glass doors, a wash basin set on white quartz countertops, and a ceramic bowl cassette toilet. With mirrored storage and stylish fittings, it provides the kind of space and comfort often only found in residential homes.

At the bow, the bedroom provides a calm and comfortable retreat. The full-size double bed offers built-in storage drawers and cupboards beneath, alongside high-level cabinets, a mirrored double wardrobe, and corner shelving for display or essentials. Elegant glazed doors lead out onto the cratch-covered well deck, a spacious area ideal for alfresco dining or enjoying your morning coffee as you take in the tranquil waterside views.

This beautiful new Collingwood semi-trad narrowboat is delivered unregistered and unnamed, ready for her new owner to make their mark. With only commissioning hours on the engine and full RCD/RCR certification, she's fully covered for the first four years. Combining contemporary luxury with dependable engineering, this is an exceptional opportunity to own a brand-new, ready-to-launch narrowboat — the perfect home or holiday escape on the water.
