BOAT SALES
LAKELAND LEISURE ESTATES

Description

Crazy Diamond is a beautifully presented 60ft Collingwood widebeam that combines stylish contemporary living with all the comforts needed for life afloat. Built in 2019 and finished to a high standard throughout, she offers spacious accommodation, quality fixtures and fittings, and a practical layout that makes her equally suited to extended cruising, or luxurious weekend escapes.

Solid wooden flooring runs throughout the boat, creating a warm and welcoming feel, while double-glazed windows provide excellent insulation and natural light. Equipped with solar panels, a Victron 3kW inverter, Webasto central heating and a Morso Squirrel multi-fuel stove, Crazy Diamond is well-equipped for comfortable life aboard in all seasons.

The kitchen has been thoughtfully designed to provide both style and functionality. Attractive quartz worktops offer plenty of preparation space, while the breakfast bar with stools creates an informal dining area perfect for morning coffee or casual meals. The well-equipped space includes a gas cooker and grill, four-ring hob, 12v fridge, separate freezer, microwave and integrated washer/dryer, ensuring all the conveniences of home are readily available. Ample under-counter storage provides space for cookware, provisions and everyday essentials.

The spacious lounge provides a comfortable and inviting living area where you can relax and unwind after a day on the water. A two-seater sofa offers the perfect place to sit back and enjoy the surroundings, while the Morso Squirrel multi-fuel stove creates a cosy focal point and provides efficient heating during cooler months. Built-in entertainment units provide practical storage and display space, while the open-plan design allows natural light to flow through the cabin, enhancing the sense of space and comfort.

The bathroom has been finished with practicality and comfort in mind. A large shower enclosure provides plenty of room, while the pump-out toilet and modern sink with vanity unit offer all the conveniences of a contemporary home. A large mirror helps to maximise the feeling of space, and a substantial double storage cupboard provides excellent room for toiletries, towels and everyday essentials, ensuring the space remains tidy and organised.

The bedroom provides a peaceful retreat and has been thoughtfully designed to maximise both comfort and storage. A king-size bed takes centre stage, offering a luxurious place to relax at the end of the day. Built-in mirrored wardrobes and fitted drawers provide generous storage for clothing and personal belongings, while the bright and airy atmosphere creates a calm and welcoming environment.

Crazy Diamond is powered by a Canaline 60hp engine paired with a PRM 250 gearbox and benefits from a Victron Multiplus 3000W inverter, shore power connection and solar panels for dependable onboard power. Hot water is supplied via immersion, engine and Webasto systems, while spray foam insulation and double glazing ensure excellent year-round comfort.

With a Boat Safety Certificate valid until February 2028, recent blacking completed in February 2024 and a spacious, well-maintained interior, Crazy Diamond presents an excellent opportunity to acquire a stylish and capable widebeam ready for her next adventure.
